MARINA
COLLABORATIVE MEETING TECHNOLOGY

The Marina is an all-inclusive, self-contained, collaborative meeting solution. Sliding doors offer easy access to a combination of power receptacles, customizable telecom plates and USB charging ports for keeping your favorite devices charged, even while in use. High definition HDMI audio visual components are packaged neatly inside the unit, and allow for up to 4 users to share ideas on one screen with the simple push of a "Show Me" button.

Flexibility in design – All components are stored in a technology bay which is easily affixed to the underside of the table. A separate grommet with sliding doors is dropped in from the top and available in a variety of finishes or be creative and design your own.

Integral cable management – Recessed storage compartment provides ample space for cabling when not in use keeping the workspace clutter free and any adapters stored.

Easy set-up – once installed in the table, simply connect the Marina into a power source and monitor and you are ready to share.
No additional software installation is required.

OASIS

BRING POWER AND STYLE TO CONFERENCE AND MEETING ROOMS

The Oasis Series of decorative table troughs integrate modern design elements with power, USB charging ports, and customizable telecom options. Combined, these elements provide a powerful solution to meet technology needs of today and the future. Whether your application consists of a large conference table or small meeting space, the full size 30" Oasis or smaller 15" Oasis Mini are the perfect solution to meet your individual project needs.

An integral two door lid with dampened release action which, when opened, retracts into the table to maximize table work surfaces and compliment any design.

Customization opportunities by mix and matching different inserts to create just the right configuration of power, USB charging, and data options for your application.

REEF

STYLISH POWER SOLUTIONS TO FRESHEN UP CONFERENCE ROOMS

The Reef offers a sleek design and is packed with power options including both 120 AMP power receptacles and the latest in USB charging technology along with ample data capabilities to handle all your unique requirements. Reef provides an option when the additional features and size of the Oasis Mini are not desired.

Dampened door design adds a soft touch when opening the lid and disappears into the furniture allowing easy access to all components inside the unit.

Integrated brush helps keep debris from entering the unit and allows cords to exit the unit even when the door is closed.

Powerful 2.1 AMP USB's are coated and water resistant for protection against spills and can charge higher power devices such as tablets even when in use.

Our DaisyLink® compatible unit, allows you to connect multiple units together from one power infeed, ideal when you are installing multiple units within a table.

Various configurations and finish options allow you to select which unit is best for your application.

VILLA

BRING POWER AND STYLE TO CONFERENCE AND MEETING ROOMS

The Villa Series is a flexible two part power data system consisting of a Power Base which is mounted beneath the worksurface and a selection of grommets allowing customization of the table top. Our unique convenience receptacle, located on the power base, provides easy access for meeting various ancillary power requirements. Numerous power base and grommet options are available making the Villa Series the most flexible power unit available. The Villa Series is also compatible with our 4 Wire 2 Circuit DaisyLink system providing a convenient way to link multiple Villa units together from a single power infeed.

SANDBAR

FLEXIBLE UNDERTABLE POWER SOLUTION

Sandbar provides an attractive yet flexible way to incorporate our 8 wire, 4 circuit electrical system into many furniture applications. It is offered in a single sided configuration for individual workstations or computer tables as well as a double sided configuration for back to back applications, such as benching systems. Flexible mounting options allow Sandbar to be attached to the bottom of a worksurface or onto a modesty panel depending on your design requirements.

- Flexible mounting options to easily secure the unit to the underside of a work-surface, directly to a modesty panel, or in a trough.
- Great retrofit opportunity with no cutouts required.
- Various configurations to satisfy all project requirements including single and double sided versions, and power only and data options.
- ETL Listed

SECLUSION

ALL-IN-ONE POWER, CHARGING, AND DATA SOLUTIONS

The Seclusion Series is a flexible power, USB charging, and data solution designed to meet the growing and continuously evolving demands of today's work environment. Available in an array of configurations, finishes, and multiple mounting options; the Seclusion Series provides our customers with the ultimate opportunity for customization and can be easily integrated in a variety of furniture designs.

Flexible Power Choices allowing users to mix and match power, USB charging ports, and fully customizable telecom plates which provide a wide range of data or audio visual components to choose from.

Easy Installation without the need for cutouts in the furniture making product installation simple. Great for retrofit applications too!
UL/CUL Listed for added safety and peace of mind.

Multiple Mounting Hardware enabling the Seclusion to be mounted to either the top or underside of work surfaces comes standard. Clamp on brackets are available as an option providing flexibility to reposition the unit as the demands of a workspace change.

COVE
SURFACE MOUNT OPTIONS

Cove is a versatile power and charging solution designed to seamlessly integrate power, USB charging ports, and data capabilities into a variety of spaces. Available in an array of configurations and flexible mounting options, the Cove can easily change any area into a powerful multifunctional space. Ideal applications include collaborative lounge furniture, desking, tables, and soft sided seating.

Available in over 20 configurations ranging from 1 power receptacle with 2 USB to 6 power receptacles with 4 USB and data capability.

Spill resistant receptacles protect against unexpected spills and provide freedom to mount the Cove face up in table surfaces.

Receptacles are strategically positioned to maximize the access of each unit accommodating large and small device plugs.

Optional convenience outlets are perfect for stationary accessories like lamps, computers, or monitors which do not need to be accessed often allowing more room to plug in mobile devices like laptops, tablets, and cell phones above the work surface where they are more easily accessible. Available on select models.

Power/Data WIRELESS CHARGING

COLECRAFT

AIR-CHARGE WIRELESS CHARGING SOLUTION

The AirCharge solution enables users to power and charge their devices without the hassle of messy cords or cables. Designed to be easily installed in table surfaces, the sleek grommet can be integrated into a variety of spaces offering a convenient way to charge any Qi compatible smartphone or device without the need to carry charging cables or find an available power outlet.

Compatibility with all Qi rated devices and smartphones. Since 2008, Qi has been established as the wireless technology industry standard.

An included steel mounting plate and screws allowing customers the option to secure the grommet in place for an added level of security.

An optional Wireless Receiver for devices not equipped with the Qi technology. To use, simply place the receiver on the surface grommet and connect your device using the adapter plugs available.

Ease of installation. AirCharge fits into a standard three inch grommet hole. Simply drop the unit into the table top, connect to a power source, and you're ready to charge!

ASHLEY UNO

The Ashley Uno offers the perfect power and USB charging solution in a small and sleek design. The Uno features one AC outlet for high-power devices and dual 2.1 amp USB charging ports. Each USB port utilizes a Smart Device Recognition Chip to monitor and independently deliver the required amperage to your devices – up to 2.1 amps each – and charge them in half the time it takes with similar products on the market. The AC outlet and USB ports are integrated within a single piece cover, resulting in a edge lines and a clean aesthetic.

IN2IT USB POWER SYSTEMS

In2it Power is a quick charge solution for tablets, phones, and devices. Perfect for ganging devices together to support many users, In2it Power is intelligent enough to recognize specific devices for faster charging, and shuts down if there's ever an incorrect user installation. Benefit from dual 2.4-amp ports, and no longer rely on the wall for power. That's flexibility where and when you need it.
