the **Art** of Detail

The Art of Detail

Our design mission is to achieve success in both form and function. The Colecraft design teams goal is to creatively solve the client's functional requirements without compromising form and style.

Attention to detail starts with listening and understanding the total requirements of the project. This includes scale, style functional and budget considerations.

Our broad range of core competency includes the ability to incorporate a wide range of material in to our designs. We select from the finest hard woods and veneers and include stone, glass steel, leather and many other materials appropriate for satisfactory execution of the design.

Study Carrel Specifications:

Study carrels have 1 1/4" thick work surfaces and side panels with 1 1/4" back panels, in your choice of wood or laminate. An optional CPU holder can be added.

Table Specifications:

Library tables feature 2”w x 1 3/4” thick solid hardwood edge, durable HPL (high pressure laminate) inset on the top with solid hardwood aprons and tapered legs. Legs and aprons are attached with mortise and tenon joints, heavy gauge steel brackets and heavy duty bolts to assure a lifetime of service. Other edges and surface materials (wood, marmoleum...) are available.

Chair Specifications:

Chairs are constructed of solid hardwood and shipped fully assembled. They are available with hardwood or upholstered seats and with or without arms.

Bookcase Specifications:

All bookcases are constructed with 1 1/4" thick side panels, 3/4" thick hardwood shelves, and hardwood base support. Shelves are notched around steel pins to prevent them from accidentally sliding out.
